

Veritas Alta Capture

Easily capture and archive communications in the cloud for compliance and eDiscovery.

Veritas Alta™ Capture (formerly known as Merge1 SaaS) archiving software helps you capture popular message types, including financial messaging platforms, collaboration, file sharing, social media, SMS, mobile chat applications, web page, and cloud-based content.

Cloud Capture Capability for your Archiving Needs

Total Integration: Full integration with Veritas Alta™ Archiving, Enterprise Vault, and Microsoft 365

Fully Customizable: Can be customized to support any content, including proprietary content sources

Designed for Simplicity: No training required; small footprint; runs on existing infrastructure; quick setup

Add Veritas Alta Capture to Your Existing Email to:

Archive

Retain all conversations taking place by your workforce, over any medium

Comply

With message archiving regulations

Enhance

eDiscovery and legal preparedness

Archive the Business Conversations Taking Place Across All Your Platforms

As more business communications take place over new digital channels such as social media and financial IM, capturing these communications has become essential for:

- Compliance with industry regulations, including financial services and pharmaceuticals
- Support of eDiscovery efforts for legal cases and investigations
- Retention of communications for corporate governance and other mandates

Veritas Alta Capture is truly a pioneer product in the compliance space. It's an easy-to-set-up solution for our many complex problems. The support team is top-notch as well.."

Bo He,
Vice President, KKR

Total Integration with Veritas Alta Archiving

Veritas Alta Capture—the only archive messaging application endorsed by both Microsoft and Veritas—greatly simplifies the process of capturing and archiving messages for compliance and eDiscovery. Its integration with Veritas Alta Archiving gives users the ability to collect from more than 120 content sources using the archive portal. Veritas Alta Capture helps you achieve:

- Seamless integration within the Veritas Alta Archiving platform
- Hassle-free capture without complex software and hardware management
- All-in-one cloud capture and archiving

Helps Comply with Major Regulatory Bodies:

- Financial: SEC, FINRA, CFTC, SOX, MiFID II
- Pharma and Healthcare: FDA, HIPAA, FDCA, ARRA
- Governmental: FOIA, FISMA
- Energy and Utilities: FERC, DOE, NERC, State Regulations
- International/Commercial: FTC, GDPR

The Ideal Combination of Power and Simplicity:

- Fully customizable
- Easy to set up and deploy

* Don't see your content type listed? Veritas Alta Capture is fully customizable and can be adapted to support any content (including text delimited, XSLT/XML). Ask us how.

About Veritas

Veritas Technologies is a leader in multi-cloud data management. Over 80,000 customers—including 95 percent of the Fortune 100—rely on Veritas to help ensure the protection, recoverability, and compliance of their data. Veritas has a reputation for reliability at scale, which delivers the resilience its customers need against the disruptions threatened by cyberattacks, like ransomware. No other vendor is able to match the ability of Veritas to execute, with support for 800+ data sources, 100+ operating systems, 1,400+ storage targets, and 60+ clouds through a single, unified approach. Powered by Cloud Scale Technology, Veritas is delivering today on its strategy for Autonomous Data Management that reduces operational overhead while delivering greater value.
