

Merge1 Suite

Capture everything.

The Merge1 Suite supports the largest capture coverage in the industry, enabling organizations to ingest data from 80+ applications and channels including financial messaging platforms, collaboration, file sharing, social media, mobile chat applications, and cloud-based content.

Archive Agnostic: Compatible with any archive, including Microsoft 365.

Fully Customizable: Can be customized to support any content, including proprietary content sources.

On-Prem Or Cloud: Run Merge1 on-premises or in our dedicated private cloud.

Designed for Simplicity: No training required. Small footprint. Runs on existing infrastructure. Quick setup.

Add Merge1 to your Existing Email to:

Archive: Retain all conversations taking place by your workforce, over any medium.

Comply: With message archiving regulations.

Enhance: eDiscovery and legal preparedness.

Archive the Business Conversations Taking Place Across All Your Platforms

As more and more business communications take place over new digital mediums such as social media, and financial IM, capturing these communications has become essential for:

- Compliance with industry regulations, including financial services and pharmaceuticals.
- Support of eDiscovery efforts for legal cases and investigations.
- Retention of communications for corporate governance and other mandates.

Avoid Monthly Fees and Migration Burdens

Merge1—the only archive messaging app endorsed by both Microsoft and Veritas—greatly simplifies the process of capturing and archiving messages for compliance and eDiscovery. By working with your existing email archive, Merge1 helps you avoid:

“Merge1 is truly a pioneer product in the compliance space. It’s an easy to set up solution for our many complex problems. The support team is top notch as well.”

Bo He,
Vice President, KKR

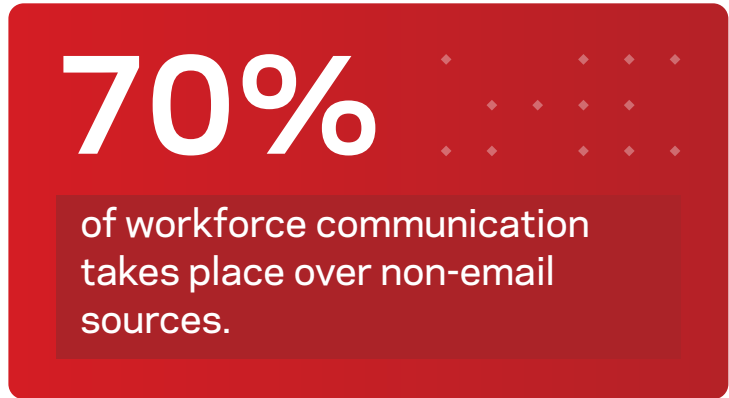

- Burdensome migration of your existing data to a third party data store.
- The hassle of running two archives in parallel.
- Spending money on expensive, recurring monthly fees.

The ideal combination of power and simplicity:

- Archive agnostic
- Fully customizable
- On-prem or cloud
- Easy to set up and deploy
